Interact Sanitary drive

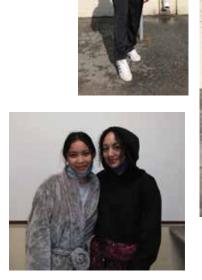

Under the capable and steadfast leadership of Stephanie Williams, our Interact Club's chairperson, we managed to collect and donate about 10 boxes of sanitary products that will be distributed to two schools in the Cape Flats. Ms Louise Stevensen, one of our community members, put the club in touch with Ms Mariolise Williams, from African Global Care. We are ever so grateful for the ability to support those in need and for the people we can connect with to make great things happen. Well done, Knights and ALL of the Interact Club, we are proud of your passion to do good!

Rugby

Juniors Rugby: Week in and out, these boys show heart and guts. They are not getting the results they would like but it is good to see how they are improving every week. We can't wait for next year as these boys will be playing in their own age group and will have enough experience to start getting the good results they deserve.

Keep working hard Knights!

Senior Rugby: It has been a great first half of the season for the u19 boys. The u19B side is still undefeated and has been playing some awesome rugby. They have beaten two A teams and continue to beat other B teams. We hope their second half of the season will continue the same way and yield the same results and wins for the Knights.

U.19 A team has had one or two unlucky losses but over all, they have played great rugby. Some of the highlights this term were when we beat Table View High School with probably one of the biggest scores the school has had in a long time. We also beat Tygerberg High School's B team, which is one of the top rugby schools in the area. Last but not least, we beat Edgemead High School and Fairbairn College, which has been some of our biggest derby days for the past couple of years.

We hope the boys keep working hard and keep the Knights' name high - as they have been. It has been a season to remember and we hope to make some great memories in the second half of the season. Remember ...

No guts, no glory. No legend, no story.

We are proud to present to you the newest addition to our school facilities, a book room!

As Juliet would say, "What's in a name? That which we call a rose/ By any other name would smell as sweet."

We took your suggestions and opened it up to a vote in order to find the perfect, sweet-smelling name by which we will call this special space ...

So, we'll meet you @Readit!

Open during breaks and after school.

Photography Mentorship Programme for High School scholars

An exciting opportunity now exists for high school pupils from Bosmandam and Bothasig High Schools to join this FREE mentorship programme, which includes a comprehensive course in Photography and Field Trips to shoot nature, wildlife, landscapes and portraits and be mentored by professional photographer Derek Antonio Serra

Pupils from grade 8 - 12 who are interested in photography are encouraged to sign up for the programme by 17 May 2022

The programme will provide access to camera equipment to participants who do not have a DSLR camera kit.

LOOK FOR THE HELPERS BY MICHELLE HEIDENRICH BARNES

Look for the helpers The healers The givers

The arms-open Hand-holding Everyday heroes

The ones who bring food Extra clothes And first aid

Who offer safe shelter A roof And a bed

Follow their lead Be a hugger A helper

A friend who will listen A person Who cares

What a day to play!

The entire school joined in to celebrate International Play Day on 27 May and goodness, did we have fun! Music and screams of excitement filled the air as the blue, white, yellow and red colour house teams squared off to see who had the most muscle. At the end it was difficult to tell as there were many eager beavers who just could not get enough of the tumble and fall when the rope was ripped to shreds. Knights, we just love your fighting and up-for-anything spirit!

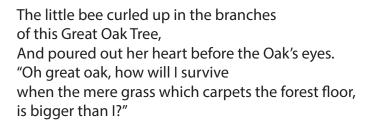

Little Bee

-by Michaela Grundman

There was once a little bee, The smallest of creatures, Perhaps the most unnoticed too. She did not know her worth, Or her purpose in this world, So off to the Great Oak Tree she flew.

Now this Great Oak, The biggest of creatures, Was the wisest in the woods. And all the animals in the forest, Knew they could trust her advice. So the little bee knew she also could.

"Even the squirrels laugh in my face Because I cannot beat them in a race. Nor can I beat the spiders In spinning webs of silk", The little bee said.

The Great Oak Tree took a breath, And opened her great mouth to say: "Little bee, little bee, When will you learn? Just because you are not like the other animals, It does not depreciate your worth."

"You have your own talents, Your own purpose, Your own skills. You must learn how to use them, And appreciate and love them, Or nobody else ever will".

"You are the one who keeps our forest bright, And the one who helps our trees to bear fruit. You are the one who helps us to thrive, And the one who allows plants to spread their roots".

And with a thank you and a goodbye, And a sense of newfound purpose, The little bee flew away. She now knew that she had worth, And her story of newfound enlightenment Can still inspire us today.
